PEKIN MAY BE SCENE OF TERROR

Massacre Hourly Looked For;
City in State of Excitement
—Mobs Abroad

DOUBLE GUARDS FOR ALL THE FOREIGN LEGATIONS

Manchu Princes Wink at Crisis
Hope For Intervention—
Yuan Shi Kai in Danger

PEKIN, Jan. 25.—Foreign diplomats demand that the government disarm the imperial guard because of an impending massacre in Peking. Extra ammunition has been given out to foreign troops.

The excitement here is intense. Foreigners have been warned to avoid the native sections of the city. Manchu mobs are surrounding Premier Yuan Shi Kai's house, which is guarded by five thousand loyal troops.

A credited report says that the Manchu princes favor a massacre, hoping it will compel foreign intervention, and save the remnants of the Manchu dynasty.

The guards about the foreign legations have been doubled following threatening Manchu demonstrations. There has been unofficial confirmation of the Manchus winking at the proposed massacre. Another report says that Japan has promised intervention in the event of another outbreak. All foreigners are keeping within their houses. Mobs throng the streets in all the native sections. The imperial troops are supposedly keeping order, but are making no attempts to prevent demonstrations.

The city is rife with rumors of the attempted assassination of Yuan Shi Kai and other leaders, but the reports are unconfirmed and are believed to be false. Yuan refuses to issue a public statement regarding the situation. The younger Manchu princes held a conference this afternoon. The results were not reported.

MORGAN FOR REBELS; JAPAN FOR MANCHUS

PEKIN, Jan. 25.—Willard Straight, agent for J. Pierpont Morgan, will leave Peking today for Nanking, the capital of the provisional republican government. This is causing considerable speculation as to whether the American capitalist is preparing to finance the revolutionists. Coupled with Japan's apparent willingness to assist the dynasty with military force this move becomes significant.

Considering the approaching bankruptcy of the Manchu government and the financial weakness of Japan it is hardly probable that Japan would wage war against the Chinese republic were the latter supported by American capital.

MUKDEN TREASURES ARE SAID TO BE VALUELESS

LONDON, Jan. 25.—A Peking dispatch to the Daily Telegraph says a New York expert who has examined the treasures of the imperial palace at Mukden, Manchuria, reports the 40,000 pieces of porcelain there practically valueless. The sale of the imperial treasures has begun in Peking.

W. J. BRYAN PULLS RECORD ON CLAIMS OF JUDSON HARMON

LINCOLN, Jan. 25.—W. J. Bryan's common sense says: "Fifty progressive measures have failed to become laws in Ohio because Gov. Harmon failed to sign them in the required legal period. Now, Harmon's campaign managers are trying to persuade the country to accept him as a progressive Democrat. A number of claims on Harmon's behalf have been proved unfounded by legislative records."

U. S. SHOULD SPEND \$1,500,000 ON FAIR IMPROVEMENTS

WASHINGTON, Jan. 25.—With the idea of preparing government property at San Francisco for the Panama world's fair, to be held there in 1915, Representative Kahn went today to President Taft with Secretary of War Stimson and Arthur Murray, chief of coast artillery, to urge the President to recommend an appropriation for the purpose.

It is estimated that it will take \$1,500,000 to make necessary repairs and improvements to the Presidio and Forts Mason and Riley, and this amount was suggested to the President.

Pants Pressed— Train Off West— "I'll Be Blessed"

—W. J. B.

ST. LOUIS, Jan. 25.—Bryan's alleged "pants" for the presidency were all he wore recently at the Union Station here while discussing the situation with Missouri politicians.

When Bryan entered the station, ex-Governor Folk called his attention to the fact that his trousers needed pressing. Bryan agreed that they did, and entered the station pressing emporium, doffed his trousers, and slipping on a long overcoat, returned to the lobby and resumed the conversation. So absorbed was he that he started for the train without his trousers. Folk recalled him. Bryan rushed to the emporium, donned his trousers and rushed for his train, but alas! too late to catch it.

ONE DECREE NOT ENOUGH

California Supreme Court Ruled to
That Effect on a
Divorce Point

SAN FRANCISCO, Jan. 25.—An interlocutory decree of divorce does not automatically become a final decree of divorce at the end of one year and must be made final by formal order of court, according to the rule laid down yesterday by the California Supreme Court, in deciding an appeal case in favor of Erminia P. Dargie, widow of the late William E. Dargie, who was the publisher of the Oakland Tribune.

After the death of Dargie on February 10, 1911, the Supreme Court of Alameda County granted Mrs. Dargie a widow's allowance. Thomas M. Dargie, a nephew appealed on the ground that Mrs. Dargie was not Dargie's wife at the time of his death.

Mrs. Dargie had been granted an interlocutory decree in March, 1906. She afterward resumed marital relations with her husband, and no final decree of divorce ever was ordered by court.

AGAIN DECLARES CONNAUGHT AT THE WHITE HOUSE PERCENTAGE ILLEGAL

City Attorney Has Visit From
Gas Official in Regard
to Penalty

NOTHING ELSE TO IT, SAYS HEATHMAN

Difference Between Right of
Water Department and
Rights of Gas Company

A local official of the Southern Counties Gas Company went around to the city hall yesterday to interview City Attorney Heathman. The official stated that he had read in the Register that it was the opinion of the city attorney that the gas company has no legal right to add fifteen per cent to a customer's bill if that bill is not paid by the 15th of the month.

The Register quoted me exactly," said the city attorney to the gas man. "You and your company absolutely have no right to add one cent to any person's bill if that addition makes a charge of more than \$1 per 1000 cubic feet. The ordinance of this city says that you may charge \$1 per 1000 cubic feet. You may charge less if you want to, but any collection of money on your part over and above \$1 per 1000 cubic feet is absolutely unlawful."

The gas official stated that his company was having a hard time making receipts equal the expenses, and it would work a hardship on the company were it not allowed to use some means to make the consumers pay their bills promptly.

"The means that the gas company has adopted is illegal," declared the city attorney last night, "and I told the gas man so in as plain words as I knew how."

"I noticed in the Forum column of the Register a communication from John M. Reed, asking why the city has a right to add ten cents to a water bill if the gas company has no right to add fifteen per cent to its gas bill. The difference is that the procedure of the city is lawful and the procedure of the gas company is unlawful. The city has an ordinance regulating the conduct of the municipal water plant, and that ordinance provides that the ten cent penalty shall be put on the bill. The law is laid down, and it can't be done otherwise."

"In the case of the gas company, the law is laid down, and that law is that \$1 per 1000 cubic feet is the limit of charge that can legally be made for gas in Santa Ana."

AERIAL BATTLE TO COME OFF TONIGHT

Aeroplanes to Fly With Lights;
Fleet at San Pedro Will
Search For Airships

DOMINGUEZ FIELD, Jan. 25.—The aerial battle between Dominguez Field and San Pedro is scheduled for tonight. The aviation field is being wired for lights. Each aeroplane will carry lights to prevent being run down by others. Torpedo boats in the harbor will endeavor to locate the flyers.

Dick Ferris declares the battle will be a success despite the unbelief of his lieutenants.

GLENN MARTIN IN AERIAL BASEBALL

Glenn Martin, armed with fifty baseballs, ascended four hundred feet and dropped the balls to Hap Hogan, catcher of the Vernon team. Hogan's antics in trying to capture the balls kept the crowd in an uproar. Hogan was unsuccessful in the stunt.

Parum, Fish, Hoff and others made excellent fights. The crowd was larger than yesterday and weather conditions were better.

PACKERS FORGOT THE HIDES SALES IN COUNTING COST

CHICAGO, Jan. 25.—That the National Packing Company made no allowance for the sales of hides in figuring its test cost from November, 1907, until April, 1909, was the important admission secured yesterday by government attorneys in the trial before Judge Carpenter of the ten indicted packers.

W. E. Weber, general auditor for the National Packing Company, who made this admission under questioning by United States District Attorney Wilkerson, declared the reason the hide sales were not considered was because there was no market for them at that time.

The Big E.M.F. Touring Car Meets Popular Approval

Editor Register, Santa Ana, Cal.

Gentlemen:—In reply to your request asking what I think of an E-M-F Car, I beg to state that I have owned and driven a 1909 E-M-F since May, 1909, and it has proven satisfactory to me in every way. It has plenty of power and I have always been able to go with my car wherever I have undertaken to go.

I think anyone winning your prize will get lots of enjoyment and pleasure in running the car and I feel sure they will be amply well paid for the time spent in securing the prize.

Very respectfully,

F. M. Robinson.

There Is Talk of Starting Petition to Recall Duggan

That there is a strong feeling among many of the women as the result of some of the circumstances surrounding the selection of the Gist tract as the site for the Polytechnic High school, is the assertion of a well known leader among the women.

"We feel that the women members of the board were ignored in the selection of the advisory committee," said she, "and I am certain that we will do something about it. There are a great many women who are anxious to get a chance to vote on a change of sites. We do not know what will be done."

A number of women are reported to have expressed themselves very strongly in favor of recalling W. L. Duggan, president of the school board. This morning it was reported to the Register that there was a rumor on the street that a recall petition had been started, but efforts on the part of the Register to locate the petition failed. One of the members of the advisory

committee in speaking of the matter this morning stated that he considered that many people voted for the bonds with the understanding and belief that the advisory committee would have equal share with the school board in the handling of the whole matter, selection of sites, contracts with architect, contracts for building and in the building of the high school. As to the intention of the school board to allow the advisory committee to vote on all matters pertaining to the Poly high, he stated that the time to have protested against that was at the meeting of the school board on Jan. 9.

At that time President Duggan stated that it was the intention of the school board that the committee vote with the school board on that matter, that when that statement was made Mrs. E. B. Norman and Mrs. W. M. Smart were present and did not contradict the statement of the president and did not make their position known.

Another reason why you should enter your name today is that you want your friends to know that you are in the running, so that they will save their votes for you before they promise them to some other candidate. It is perfectly reasonable for you to expect your friends to save their votes for you, isn't it? But it is also unreasonable for you to expect their support if they know nothing of your intentions and you cannot blame them if they give their votes to the first contestant that asks them.

Start right in by getting the 5000 votes for the nomination coupon and the support of your friends, and your later rivals will not be so apt to be close competitors.

The first list of names will soon be published, your friends will be more than agreeably surprised to look down the list and find your name among the popular ladies of Orange county. They will say: "There is a candidate I would like to see win the automobile," and the first thing you know your friends will join in the good-natured battle for votes with you. And if they do, you will be likely to take them on a tour through California this summer, and the E-M-F 30 is the machine that can go anywhere. It is the classiest-looking car you ever saw, and is first-class in every respect. Anybody would be proud of such a machine.

A coupon good for five votes will appear daily in this paper until the close of the contest. Many thousands of votes can be accumulated by telling your friends that you are a candidate in the Daily Register contest, and requesting them to save the votes for you.

Votes in much larger amounts are given for subscriptions to the Daily Register. Let the Contest Editor know that you want to secure subscriptions and he will furnish you with the necessary blanks, etc. A newspaper is not a luxury, but a necessity, and when you ask a friend to take the Daily Register they are taking something that they actually want and need, and would just as soon take it from you; in fact, sooner, because they would like to see you win the \$1450.00 E-M-F Touring Car.

LOS ANGELES, Jan. 25.—Forty thousand Shriners coming to Los Angeles on their May pilgrimage, according to John F. Treat, Imperial Potentate, of Fargo, N. D. When asked if the Shriners will consent to side trips in a body to the citrus belt and beach cities, Treat declared they would assuredly make such trips.

A dozen high Shriners officials will visit Long Beach this afternoon, following a trip to the aviation meet.

LOS ANGELES, Jan. 25.—Representatives from a score of Southern California cities have gathered here to discuss the proposed two routes of an inter-state highway from Los Angeles to Yuma. Both sides are equally strong numerically in the convention. President Slauson of the Los Angeles Chamber of Commerce presided. It is uncertain whether a decision as to the route will be made today.

Discussion of both routes was participated in by representatives of nearly all the cities affected. Today's attendance included Supervisors E. W. Reid, Samuel Pine and George E. Butler, of San Bernardino; County Supervisors F. H. H. Manning and Butler, of Los Angeles county; M. F. Palmer, Thomas W. Xyset and Charles Ruedy of Upland; E. C. Bichowsky, Frank W. Balfour and W. H. Trullitt of Pomona.

Redlands, San Bernardino, Monrovia, Pasadena and Upland are apparently aligned against Riverside, Corona, Ontario and Pomona over the route. San Diego urges a third route.

ARGENTINA GIVES
ULTIMATUM TO
PARAGUAY FOES

BUENOS AYRES, Jan. 25.—The Argentine Republic has notified the government of Paraguay that unless proper satisfaction is made for recent injuries to Argentine shipping, diplomatic relations will be severed within twenty-four hours. This ultimatum was sent after Paraguay had refused to recognize a demand for compensation.

It is doubtful if ever before has the announcement of a voting contest been followed with such hearty approval by any community.

The letter in the next column is from a prominent Santa Ana banker, who approves of the Register's contest. The handsome five-passenger E-M-F Touring Car was on exhibition this morning in front of the Register office, and attracted much attention.

If you are thinking of entering the Register's contest you should do so at once. The nomination blank which is printed in a full page advertisement in this issue is good for 5000 votes, when properly filled in and mailed or brought to this office before Saturday, Feb. 3rd.

Of course you would like to see the car that you are going to win before entering your name. But what is the difference whether you enter your name now or after you see the car? Practically no difference so far as the E-M-F 30 is concerned, because just as soon as you see it, you'll get the craving for a "classy" machine like the E-M-F.

But there is a BIG difference whether you enter your name right now or a week from now.

In the first place, there is a difference of 2500 votes if you don't get your name in to the Contest Department before Saturday night, Feb. 3.

Enter your name RIGHT AWAY, or at least before Saturday night, Feb. 3rd, and get the 5000-vote face value of the nomination coupon. Don't forget the fact that the nomination blank is only good for 2500 votes after Saturday, Feb. 3rd.

Another reason why you should enter your name today is that you want your friends to know that you are in the running, so that they will save their votes for you before they promise them to some other candidate. It is perfectly reasonable for you to expect your friends to save their votes for you, isn't it? But it is also unreasonable for you to expect their support if they know nothing of your intentions and you cannot blame them if they give their votes to the first contestant that asks them.

APPENDICITIS OPERATIONS NOW GREATLY SIMPLIFIED

CLEVELAND, Jan. 25.—Operations for appendicitis, thought to have been perfected several years ago, when one and a half inch incisions were found to be adequate, have been further simplified, according to announcement made to surgeons of the Cleveland Academy of Medicine. This sets forth that an incision of but three-fourths of an inch is necessary, permitting the patient to leave the bed within 24 hours after the operation.

GREAT FIGHT IN PROSPECT

Separation of Oil and Water
Stock Reason For A.U.W.
Company Disturbance

Said That Chapman Expects to
Elect Himself on the
New Board

Anaheim Gazette: At the eleventh hour and like a thunderbolt from a clear sky, comes announcement that next Saturday's annual water meeting at which a new board of directors will be elected, is marked for lively times, and that several of the present directors will retire. No election has been held in five years, there having been no quorum at the annual meeting since 1907. At that time an amiable election was held, and the secretary cast the ballot for seven directors. No fight has resulted in recent years, and the student of contemporaneous history must go back a decade to come upon an old-fashioned contest. Going back to fifteen years ago some beautiful fights may be encountered. In recent years, however, annual meetings have been characterized by brotherly love, and the lion and lamb have lain down together. Bliss Crowther has measured swords with Mr. Sherwood, and after the smoke of battle has cleared away, both gentlemen have been found to have been elected members of the board, but Sherwood has generally been on the inside of the boss.

Now both of these gentlemen are to be given a fight, and a new alignment of things seems cropping upon the horizon.

Your Druggist Stops That Itch

If you are suffering from Eczema, Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds.

We have sold other remedies for skin troubles, but none that we could recommend as highly as this, a mild wash of Oil of Wintergreen Thymol and a few other ingredients that have wrought such wonderful cures all over the country.

This compound is known as D.D.D. Prescription for Eczema and it will cool and heal the itchy, burning skin as nothing else can.

A 25c trial bottle will prove it. Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big-profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away the itch AT ONCE it costs you not a cent.

C. C. Chapman, the largest shareholder in the company, who firmly believes in segregating water from oil, will, it is announced, be a candidate, and has already in his vest-pocket enough shares to elect himself. Starting with 402 shares of his own, he has secured enough proxies to elect him, and it was yesterday conceded that he will grace the new board. That he will have a hard time in segregating oil from water, as way things appear at this writing, is undoubted, but Chapman is a fighter and man of large influence, and many things may happen with a man of his virility on the board.

Ralph McFadden, who opposes segregation, is also spoken of as a candidate, and to keep him company there are George B. Key, Steve McCulloch, manager of the Gilman ranch, Clarence McFadden, J. W. Newell, Bert Annin, William Berkenstock and Frank Morse. From the list two candidates may be selected to run with Mr. Chapman, although it is said the bulk of this stock is against separation of oil from water.

How all this will affect Mr. Sherwood, who has had support of much of this stock, is a problem. It is said he is slated for the discard, but such things have been heard of before, and he may not be so easily lost in the woods as his enemies might infer. His views on oil and water meet those of Mr. Chapman, and the latter may be tempted to throw a block of stock to him in his fight, although in the past the two gentlemen have been for many one another.

Boss Crowther hit the trail for proxies early in the week, and was said last night to have his coattails pocket well weighted down with them. Mr. Crowther can give any man in the company cards and spades at proxy gathering, and he has never been beaten at a water election in the memory of the oldest inhabitant.

Yet a few days ago, and there was nothing doing in the proxy line, and it seemed that another annual meeting would come and go without a quorum. Now it is different, decidedly different. The McFadden boys and their associate braves have it is said, better than 2500 shares, and which will more than elect two directors. With floating stock falling their way they may name three men, and with Chapman control the board.

With this new material on the board, what members are to give way to them? It is admitted J. J. Dwyer, the only southside man on the board, will be retained. Mr. Dwyer has already enough stock to elect himself, and as there is enough stock on the southside to elect two men, will probably be in position to do business with men of his way of thinking. He takes his oil and water straight.

Of the other members of the present board, A. S. Bradford, H. H. Hale, B. F. Porter and L. P. Drake, two or three of them, or maybe all of them, may retire. It was said last evening that neither cared to sit upon the board, if it took a fight to retain the seat.

Indications point to an old-fashioned shakeup at Saturday's meeting. Besides oil and water, it is hinted at that other matters will be an issue, and a general accounting and overhauling demanded.

The report of the board audit, now being printed, will be submitted to the meeting, and will show the company to be in gilt-edged condition.

INSTALLATION OF OFFICERS

Westminster Odd Fellows and
Rebekahs Have Given Oath
to New Lists

WESTMINSTER, Jan. 24.—There was a joint installation of the officers of I.O.O.F. and Rebekahs on Saturday night at Odd Fellows' Hall, by Wm. A. Goodwin, district deputy, president, and staff, of Fullerton, and Ida Tipton, district deputy, and staff, of Anaheim. The following officers were installed:

I. O. O. F.—Noble grand, Chas. Waters; vice grand, John Jentzen; secretary, Geo. C. Abbott; financial secretary, John Clark; treasurer, Frank M. Watson; chaplain, John Patterson; warden, John Nankervis; conductor, Geo. Gerhart.

Rebekahs—Noble grand, Lulu Nankervis; vice grand, Alice Hare; secretary, Susan Watson; treasurer, M. G. Waters; warden, Ella Wright; conductor, Ethel Waters; chaplain, Minnie Waters.

After the installation a banquet was served consisting of rolls, fresh boiled ham, baked beans, olives, celery, cake and coffee.

Mrs. Mattie Wilson of Los Angeles, formerly Mattie Abbott of this place, spent several days last week with her sister, Mrs. Chas. Parr.

Mrs. Alice Hare spent Saturday in the city.

Rev. Leon Moor of the Methodist church, exchanged pulpits Sunday with Rev. Ashley of Garden Grove Methodist church.

Mr. and Mrs. C. Chesbro spent Sunday in Los Angeles.

Mr. and Mrs. Chas. Buck, son John, and Sherman Buck, and Mr. and Mrs. Bert Gohard spent Sunday at Laguna, going down by auto.

Mr. and Mrs. Gouard, formerly Miss Nellie Baker, and little son, are at the old home here for a couple of months.

Twenty young people representing two classes of the Methodist Sunday school enjoyed a leap year hay ride to Anaheim Landing on Friday night. The young ladies acting as escorts. A bonfire was built and hot coffee made and served with sandwiches, cake and pop corn. Rev. Leon Moor and Wm. Morrill, teacher of the ladies' class, were chaperones.

FIND PROJECT NOT FEASIBLE

City Trustees and Engineers
Say That Outfall Would
Cost Mint of Money

The city trustees and City Engineer Finley and Engineer Kellogg yesterday made a trip along the proposed route for an outfall sewer to a point below Corona Del Mar, and the consensus of opinion expressed by trustees and engineers was that the project was not at all feasible. The right-of-way had been offered free by James Irvine at the request of local men who seemed not to comprehend the engineering difficulties.

The city officials found that it would cost a big sum of money to take the outfall to the point proposed.

To Clean Stocks and Get Ready for Spring Goods

Coats for Ladies, Misses
and Children at 30 Per Cent Off

A good, heavy, woolen coat will come in mighty well during the rainy season that is coming. We have some heavy Scotch mixtures in storm coats with the "turn up or lay down" collar for all kinds of weather. These go along with all our other coats at 30 per cent off our regular prices. We have a big line of black, broadcloth dress coats also on special sale. These come in all sizes up to 39 inch bust measure.

Note These Big Reductions on Tailored Coats:

\$10.00 Coats, now \$ 7.00	\$17.50 Coats, now \$12.25
\$12.00 Coats, now \$ 8.40	\$25.00 Coats, now \$17.50
\$15.00 Coats, now \$10.50	\$27.50 Coats, now \$19.25

If you are on the hunt for a tailored suit and you are more particular about the price than the style, here is your chance to get a good serviceable suit for mighty little money. We have 30 ladies' and misses' Tailored Suits in summer weights which were regularly priced at \$15.00 to \$25.00. They are neat, plain tailored models, in plain or striped serges. Only a few of them are old styles; most of them are last summer's models, and will make you a good, serviceable suit, if you can wear light weight garments this winter. We have tans, browns, blues, grays, and black left, in sizes from 14 year misses to 42 inch bust measure. Specially priced now at, choice \$8.50.

Fall and Winter Models
in Tailored Suits 30 Per Cent Off

This is not junk or ancient garments we are trying to work off, but our regular, new Fall models. Of course the lines are broken, or we would not be offering this stock at 30 per cent discount. There are some mighty pretty garments, however, in blues, browns, grays, black, and mixtures, in all sizes. We may just have your size, if we have, you get a bargain; it might pay you to come in and investigate.

These Are the Prices We Are Making Now:

\$15.00 Suits, now \$10.50	\$25.00 Suits, now \$17.50
\$17.50 Suits, now \$12.25	\$27.50 Suits, now \$19.25

NEW TOWN OF BREA A THRIVING PLACE

Fullerton Tribune: The town of Brea, four miles north of Fullerton, on the Pacific Electric, is making a rapid growth and where a few months ago was visible only a school house may now be seen stores, oil well supply houses and many residences completed and others under process of construction.

E. R. Amerige, accompanied by a representative of the Orange County Tribune, visited the thriving little oil metropolis Wednesday of last week and were surprised at the activity at Brea.

The new bank which has been organized and of which C. R. Thomas, agent for the townsite, will be president, will be opened about the first of February. The bank building is now being completed. It is of reinforced concrete and will be modernly equipped. The capital stock is \$25,000, with a 10 per cent paid-up surplus.

On Pomona street is being built a garage which will be occupied by C. P. Griggs of Pomona. Nine new residences are under contract, and four lots were sold last week. Electric lights have been installed in nearly all the houses.

Karl Rudolph of Los Angeles has opened up a drug store and is well pleased with the outlook. Stern & Goodman have plans for a large branch store on the opposite corner. Borden & Salverson, grocers, are doing a thriving business. One of the needs of Brea is a rooming and boarding house.

YOUTHS SOLD DIAMOND RING

Said They Were Looking For
Work; Money Was Found
in a Sleeve

Two youths who say their names are Jim and Dave Smith are in the county jail as suspects.

Yesterday they walked into the millinery shop of Anderson & Wilhelm on North Main street and asked Mrs. Anderson for work. They said they were out of money, and sold Mrs. Anderson a diamond ring. They were given \$5 in paper money.

Mrs. Anderson telephoned to Probation Officer Scott, telling him the boys were at her place and wanted work. The probation officer talked with them, told them to hunt for work and said he would assist them. Mrs. Anderson called the officer to one side and told him about the diamond ring, and the officer reported the matter to Deputy Sheriff Squires. Squires stated that the officer has records of a number of rings that have been stolen, and he immediately went out and arrested the boys, who appear to be 18 to 20 years of age.

When Jailer Jernigan searched the pair he found nothing in their pockets. He made them strip, and finally the \$5 bill was located in the sleeve of one of the boys.

CURRENCY AND BANK REFORM

The Outlook Magazine gives emphatic endorsement in its latest issue to the plan of the national monetary commission for reform of the currency and banking system. Its utterances on the subject will be read with general interest.

"Everybody who thinks at all about the subject agrees that our currency and banking system needs reform. There is danger, however, that there may be so much disagreement about details as to endanger effective legislation during the present session of congress. In our judgment this danger is greater than any probable danger that may come because the plan of the monetary commission is not exactly right in every part.

"President Taft and Mr. McVeagh both remind the public that congress has for a long time been discussing and debating the question of the reform of our banking and currency laws. For the very purpose of giving important details careful, expert consideration, the monetary commission was created, and it has for several years been devoting itself to the most careful review of details.

"The plan the monetary commission recommends the enactment into legislation is the fruit of the thought, not merely of bankers, but of all classes of well trained citizens—business men, lawyers, economists, and university professors. It is a great mistake to regard it as the product of mere financial interests.

"Mr. Taft meets the not uncommonly expressed fear that the great financial interests of the country—the so-called money power—shall be given too large control in the proposed new system, by saying that the new law ought to 'completely protect and assure the individuality and the independence of each bank, to the end that any tendency there may ever be toward a consolidation of the money or banking power of the nation shall be defeated.' We heartily agree, and believe that the plan of the monetary commission provides such precautions."

The commission, it is understood, has yielded to the demand of President Taft and the country, to keep control of the 600 million reserve fund which it is prepared to create out of the power of any financial center of any group of banks. Indeed the commission was anxious, in advance of President Taft's insistence, to suggest such a measure of safety, the only question being what form the restriction should take. The form is now given out, and it appears to be a satisfactory one—a restriction of the voting rights of banks in cases in which individuals of corporation own stock in more than one of them.

CONSERVATION MEASURE UP IN CONGRESS

Friends of conservation will watch with interest the contest now in progress in the Senate Committee on Public Lands over the Newlands resolution declaring it to be the sense of that committee that there should be legislation at this session providing for the leasing of public lands containing coal, oil, iron or phosphates. For a long time it has been evident that the battle over conservation measures must be fought in the room of this committee and the presentation of the Newlands resolution was the first gun. Senator Newlands believes that his resolution will be supported by a majority of the committee and with that body once on record as favoring legislation at this session it will be a comparative easy task to work out the details. He suggests that the provisions for leasing be so drawn as to prevent monopolistic control and insure fair prices to the consumer, but be sufficiently liberal to permit of the proper development of our natural resources.

As almost all of the good timber is now included in forest reservations and sold under the stumpage system, the ownership of the lands remaining with the United States, he has not included timber in his proposition. He announced, however, that he would later present a similar resolution in regard to water-power.

To meet the objection that by leasing the public lands the revenue therefrom would flow into the public treasury while the property itself would be exempt from taxation by the states by reason of the fact that title would remain with the federal government, Senator Newlands proposes a division of the gross income from the leases—75 per cent to the state or territory where the lands are located and 25

A Timely Warning

Tustin, Cal., Jan. 24, 1912.

Dear Editor.—Socialist gains at the recent elections would indicate that the party is to be reckoned with in the political field hereafter. The time has come when the old tactics of misrepresentation and abuse will not avail. They must be met with sound arguments and good logic or they will speedily compel the old parties to unite in defense of our present system.

There can be no question that there is cause for complaint. The high cost of living with the corruption in the old parties, make a splendid lever and fulcrum which the Socialists are not slow to use. They claim to have a cure for those social and political evils which the old line politicians wish to reform.

With their aggressive campaigns carried on from one election to the next, they win converts who cannot be drawn back to the old lines by a few months of hurried campaigning by our old leaders. The tariff and party lines are becoming obsolete. Progress is the order of the day. Men are asking why the masses are in poverty and a few revel in luxury. Liquor and laziness do not seem to answer the question now.

Here in Santa Ana is a small band of these agitators, working quietly but actively and earnestly in their endeavor to better the condition of the workers. They propose to hold lectures and propaganda meetings for the spread of their "gospel." Are they to have everything their own way or can they be met on their own ground? A number of people at their meetings prepared to ask questions will tend to show any fallacy or weakness in their arguments. This matter should receive attention by the thinking men of the community. The problem will not settle itself.

PICTURES TO TEACH MORALS

Boston Public Schools Will Use Real-Life Photos to Give Moral Lessons

BOSTON, Jan. 25.—Teaching morality in the public schools by means of photographs from actual life, and showing what is right and what is wrong, has been given its first test in the public schools of Fitchburg. The pictures themselves, taken in proper series, are depended upon to impress on the children's minds the rights and wrongs of certain questions arising every day, such as fights between boys, squabbles between girls, playing games fairly, etc. The teacher gives a few words of explanation, which may frequently broaden out into a lecture. A number of lectures have been prepared by Milton Fairchild, the originator of the project.

FRANCE SENDS TRADE ENVOY

Casimir-Perier to Study Trade Conditions on Both Coasts of the United States

LOS ANGELES, Jan. 25.—Expansion of trade relations between France and the Pacific coast after the completion of the Panama canal are being thoroughly investigated by M. Claude Casimir-Perier, son of the late president of France, who will arrive in Los Angeles Sunday or Monday from New Orleans.

In a letter to F. W. Kellogg of Alameda, whose guest the distinguished representative of the French government will be while in Southern California, the object of his trip westward is thus set forth:

"My mission is to study the general conditions of the coastwise trade between the eastern and western coasts of the United States, the general conditions of railroad transportation across the continent and the trade between the Pacific coast and the South American coast."

MORE BACONIAN CLAIMS

Lord Bacon Said to Have Written King James Version of the Bible

NEW YORK, Jan. 25.—The newest sensation in literary circles here and in London is the claim brought by English "Baconians" that Bacon rewrote the Bible as it was translated for King James, and that the King James version, as that term is understood, is really the work of Bacon.

According to Mr. Smedley of the Bacon Society, the final revision of the authorized version was handed to King James in 1609 and returned by him completed in 1610. During that time a stylist had been at work and it was not King James. In Smedley's opinion there was only one stylist in England at that time.

HITCH IN PEACE PLANS

Settlement Looked for Last Night Failed From Irregular Proceedings

LAWRENCE, Mass., Jan. 25.—Prospects of an early settlement of the strike of 15,000 textile workers in this city looked dim last night when the mill owners' representatives refused to enter a conference with a committee of 48 strikers in the presence of the State Board of Arbitration.

The hitch, apparently, came from the fact that the mill officials were empowered only to meet a committee of the striking employees of the mills which each represented instead of a general committee.

U. S. TO AID GROWERS

Strenuous Efforts to Be Made to Raise Sugar Beet Seed in This Country

WASHINGTON, Jan. 25.—That the United States may not be dependent upon Germany, Russia, France and other foreign countries for sugar beet seed, as at present, strenuous efforts are to be made to raise it in this country.

W. K. Winterhalter of San Francisco, an expert on sugar beet culture, called on Secretary of Agriculture Wilson and Dr. B. L. Galloway, chief of the Bureau of Plant Industry, yesterday to discuss the subject. The officials told him the department would do all it could, through its investigation work, to aid in having the seed raised here.

Practically all the sugar beet seed comes from abroad, about 1,000,000 a year going into the pockets of foreign producers.

S. P. DEFENDS RATES IMPERIAL VALLEY

Declares Them no Higher Than In Similar Territories In Other Places

LOS ANGELES, Jan. 25.—Judge Farr, representing the Imperial Valley shippers before the State Highway Commission in a fight for lower rates, declared that the shippers' evidence is all in, and that he would argue only in rebuttal.

The Southern Pacific attorneys, G. W. Squires and C. V. Durbrow, began the defense with J. K. Butler, the Southern Pacific statistician, who was on the stand throughout yesterday's session. He declared Imperial Valley rates were no higher than the rates in territories of corresponding population and traffic elsewhere.

IS PLEASED WITH THE SITE

A. Burnside Sturges, of Los Angeles, architect who is to draw plans for the Polytechnic High School and for the new grammar school in the southern part of the city, was here today and in company with W. L. Duggan, president of the board of education, and City Superintendent of Schools Cranston he visited the fifteen acres in the Gist tract, selected as the site for the polytechnic school, and the block on Fairview avenue, selected for the grammar school.

"I am well pleased with the sites," said the architect. "One good thing about them is that the buildings can face north. That is important as it gives access for both east and west light. They will be situated so that they can be viewed from many of the streets of the city. I am pleased that the polytechnic high school site is so close to the center of the city. There have been a good many polytechnic high schools built in Southern California, and knowing them as I do, I see no reason why Santa Ana shall not have the very best polytechnic high school in Southern California."

A KITCHEN SHOWER

Miss Qualls Surprised By Girls of Althea Class With Pleasing Gifts

A pretty event was a pre-nuptial shower given last night in honor of Miss Jessie Qualls at the Qualls home on East fifth street. The guests of the evening were self-invited and were the girls of the Althea class of the Methodist church, South, of which Miss Qualls is a member.

The young honoree, who is a charming Southern girl, is to be married on January 30 to Mr. Fredk. Harry Eley, the architect and contractor. The purpose of last evening's affair was to shower the bride-to-be with kitchen utilities such as every young housewife is happy to have in a new home. Miss Qualls was completely surprised at the visit of her friends, but welcomed them with true Southern hospitality and charm.

The evening passed most happily. Mrs. Qualls, who had probably been in the pleasant secret of the surprise, completing the enjoyment of the occasion by serving dainty refreshments.

The young ladies joining in the showering of Miss Qualls were Misses Hester Covington, Carrie Miller, Artie Cleveland, Puleen, Sweet, Van Horn, Agnes Martin, Verna Brooks, Ruth Clothier, Maude Jones, Williea Clevenger; Mrs. Geo. Wright, Mrs. McNaught.

Travel Club

The Young Ladies' Travel Club of the Ebell Society met yesterday afternoon at the home of Miss Velda Medlock on North Main street. The study of London and the scenes of Dickens' novels was continued.

Mrs. Peterson gave an interesting review of "Great Expectations," and Miss Mary Wakeham depicted in a graphic way scenes of the English homes of the Wakeham families.

A goodly number of the club members were present and all thoroughly enjoyed the meeting, which was closed with an excellent two-course luncheon.

Ebell Club Meeting

Next Saturday afternoon the Ebell Club will present Mrs. Lou V. Chapin in one of her famous current events lectures. Mrs. Chapin has more than a state-wide reputation for good style and her rich fund of information. She is well known in Santa Ana, having lectured here in former days.

The other part of the afternoon's program will consist of reports from the recent District Federation of Clubs' convention held at Ontario. The delegates will give the Ebell a synopsis of the proceedings of the successful convention.

In the absence of the president, Mrs. A. J. Crookshank, who is accompanying her husband on a trip to Florida and Cuba, Miss Stella Preble, first vice president, will preside at Saturday afternoon's meeting.

Surprised Them

Last night thirty neighbors in the vicinity of the I. M. Von Schrittz ranch formed a party and surprised Fred Price and his wife and daughter, Miss Thelma, who have moved onto the Von Schrittz ranch to occupy it while the Von Schrittz family are in Mexico. The new arrivals were greatly pleased with the friendly feeling displayed by their neighbors. It was a jolly crowd, and everybody enjoyed an evening of frolic and fun. The visitors brought in a bountiful supply of refreshments.

It doesn't take a lazy, ne'er-do-well pupil long to find out that he is in an unsympathetic environment when he gets into the Conservatory, as he sometimes does. He either gets down to business pretty quickly or else he gets out.

We employ no end of tact and means to awaken him to his sense of duty and we often succeed. With some, however, we do not and the law of elimination comes to our rescue.

THE NEW YEAR

A Flower unblown; a book unread,
A Tree with fruit unharvested;
A Path untrod; a House whose rooms

Lack yet the heart's divine perfume;
A Landscape whose wide border lies
In silent shade 'neath silent skies;

A wondrous Fountain yet unsealed;
A Casket with its gifts concealed;—
This is the year that for you waits
Beyond Tomorrow's mystic gates.

O may this Flower unfold to you
Visions of beauty, sweet and new;
This Book on golden pages trace
Your sacred joys and deeds of grace;

May all the fruit of this strange Tree
Lucious and rosy-tinted be;
This Path through fields of knowledge go;

This House with love's content o'erflow;
This Landscape glitter with the dew
Of blessed hopes and friendships true;

This Fountain's living crystal cheer
As fall the springs that once were dear;
This Casket with such gems be stored
As shine in lives that love the Lord.

—Horatio Nelson Powers.

Cupid at Vassar

The musical comedy drama, "Cupid at Vassar," to be given by the February Seniors of Santa Ana High School, on Jan. 31, under the direction of Ernest Crozier Phillips, promises to be a very brilliant success.

There is an equal share of light and shade, and one is kept in keen expectancy from the first to the last line of the play. The business of the play is unique and the action is exceptional.

There are in all some thirty students in the cast. Miss Letitia Livesey and Mr. Robert Paine have the leading roles. Other prominent members of the cast are as follows: Miss Lucile Dessery as the mother, Mr. Lantz as the "coon," Mr. Daniels, Mr. Wollaston and Miss Elizabeth Paine.

Women Aid Nation

Both nation and state are more and more recognizing woman's fitness to join in councils for the welfare of the country. This is brought into sharp and prominent notice just now by the disclosure that six women agents are employed by the Bureau of Commerce and Labor of the U. S. Government to make a secret investigation of the high cost of living. Not only are these women to probe food prices but they are to ascertain whether wages have correspondingly increased and also to find the status of rentals. These women are now working in Cincinnati.

Of added interest is the fact that the state of Ohio has asked Cincinnati housewives to give their opinion as to the causes of high living cost. The Housewives' Co-operative League has already made reply through the league president, Mrs. J. W. Ellms. The following reasons are given by the women:

"Trusts—selfish, greedy and hungry for big profits.

"Speculation—prices fixed by gamblers rather than by cost of production.

"Husbands—not as helpful in home management as they should be.

"Lame laws—refusal to grant women the right to vote.

"Half of the husbands don't know the price of sugar or how long an incandescent lamp will burn."

PROGRESSIVE WHIST

Delightful Affair Given By Trio of Charming Women of the North Side

Mesdames Charles, Oliver and Frank Remsburg were hostesses yesterday afternoon at one of the most beautiful parties of the season. The home of Mrs. Frank Remsburg of 1904 Bush street, was used for the event, and was prettily decorated with great baskets of fern and vivid red geraniums.

There were twelve tables of whist players, Mrs. Dr. H. M. Roberts winning high score, for which a set of a dozen sherbet cups was the award. Mrs. E. S. Wallace won second prize, and Miss Henningsen, the house guest of Mrs. James Willis Rice, took the consolation trophy. Each of the girls assisting in scoring and serving, Misses Stella Nilsson, Alice Hart and Marie Briggs, was presented with one of the new books of the day. Mrs. Hiram Connell and Mrs. John Tubbs assisted the hostesses in their duties.

Delicious refreshments were served, the card tables being drawn together in sociable fashion for this part of the afternoon. Around these the guests enjoyed a charming half hour in pleasant chat over the dainty viands.

MARTIN RANKS HIGH AMONG THE AVIATORS

Los Angeles Times: That a person can make real progress in the art of flying is admirably illustrated by the case of Glenn Martin, the Santa Ana boy, who is making a great record for his consistent flying during the present meet. One year ago he was only an amateur. Yesterday he not only took part in the fast races when the wind was blowing, but ascended to an altitude of nearly 5000 feet. At all times he exercises the utmost caution. No one of the air makes a more graceful landing.

OBITUARY

Mrs. Martha McCoy Wells passed away at her home in Long Beach Jan. 14, 1912. She was the last of a family of twelve children. At an early age she moved to Illinois where she resided until 1873, when she came to California. She made her home with her brother, Josiah McCoy, and faithfully cared for his four young children after the death of their mother. She made her home with her brother in Westminster until her marriage to Rev. W. W. Wells in 1904, after which she lived in Long Beach.

Mrs. Martha Wells McCoy passed away six days before an unusual coincidence. The family of McCoy of twelve children, and of Wells of eleven children were intimately related all their lives, and more than ordinary influence the church and in society where they lived. Her husband passed away six years ago. She was a Christian from her youth, always an active member of the church, a teacher in the Sabbath school. She had a thorough knowledge of the Bible; was faithful in missionary and all kinds of church work. She had the confidence and affection of all who knew her.

BACK EAST WEATHER

The biting cold and windy weather of the past week has doubtless some great, good and useful purpose, but its chief benefit the past week seems to have been to drive back into their holes those citizens of our climate who "dote on cold weather," and hug the stove while they are doing it. For ourselves we could get along without this extremely cold and trying time and sincerely enjoy the affliction. The wind whistling through our whiskers is no music to our ears, nor is there any keen delight to our system when we stride on to those slippery enamels of ice under the snow on the walk. The roar of \$6.75 coal up the chimney pipe does not charm us into ecstasy, nor does the rattle of the shutters and the swaying of the house make us want ever to keep it with us. No, we like the summer better than this.—Newark (N. Y.) Courier, Jan. 18, 1912.

NEW WELL IS A FINE ONE

Team Running Away in Field
Put Rancher in Dangerous Position

FAIRVIEW, Jan. 24.—Mrs. A. F. Stahlman of Olive, spent the week end with her parents, Mr. and Mrs. M. A. Baker.

Mr. and Mrs. M. S. Ferguson spent Sunday with Mr. and Mrs. W. D. Baker.

The big well has just been completed on the W. T. Heinze ranch. It proved a success at a depth of 444 feet with 64 inches of artesian water, the best in the land.

Mr. Heinze has his new home nearly completed.

J. M. Jamieson is grading the ground where he will have a new eight roomed modern home built in the very near future. The carpenters will start to erect the house for Mr. Jamieson as soon as they finish Mr. Heinze's home. Then comes the fine new six-room, modern up-to-date home of Mr. W. D. Baker.

Mr. Thompson had what might have been a very serious accident,

while plowing with five horses. His team became frightened and ran, turning the plow over and landing Mr. Thompson beneath the plow. However, no serious damage was done.

Little Claude Cox, who was hit in the eye with a clod by another boy, while at school, is recovering his eyesight, leaving a clot of blood which the doctor fears he will have to take out.

Mrs. A. C. Pearson will spend the week in Olive with Mrs. A. F. Stahlman.

Mr. Townsend has leased the Collins place and will move his family here this week.

HUMANE ASSOCIATION SENDS OUT WARNING

The State Humane Association of California has received information to the effect that some unauthorized person, purporting to represent it, is soliciting membership in various parts of the state and collecting \$8.00 each from prospective members under promise that they will be appointed humane officers for their locality. The association desires to warn the public that no such person is authorized to collect money in its name or to promise appointment as humane officers. The association is anxious to secure evidence of any one making representation or collection of funds as mentioned.

CITRUS CROP ESTIMATED

SAN BERNARDINO, Jan. 24.—J. S. Leeds, manager of the Santa Fe's Refrigerator Dispatch, has concluded an investigation of the citrus crops of the Southland. He estimates that between 30,000 and 37,000 cars of fruit will be shipped this season.

SWEET SPUDS WORTH MUCH

Crop Around Fullerton and Anaheim Will Bring the Growers \$125,000

FULLERTON, Jan. 24.—The sweet potato crop of Fullerton and Anaheim for the 1911-12 season will bring to the growers over \$125,000. Up to this date 40,000 sacks have been shipped at an average price of \$2.25 a sack, leaving about 10,000 sacks to market. There is an active demand for the crop, nearly all of the output going to Los Angeles. H. G. Meiser, the heaviest shipper in the county, is now shipping to Los Angeles daily about 100 sacks. He says the coming crop will be much larger than the output for the season, which will soon close.

FRANK P. FLINT IS TO URGE FREE CANAL

Los Angeles Commerce Chamber Sends Him—Seattle and Frisco in Line

Los Angeles Tribune: Frank P. Flint, former United States senator from California, yesterday was appointed delegate from the Los Angeles Chamber of Commerce and the Merchants & Manufacturers' Association to go to Washington and take up the interests of this city in the fight for no tolls for American vessels passing through the Panama canal in a coastwise business. He left for Washington last night.

With Flint's presence at the national capital, the three large cities of the Pacific coast, Los Angeles, San Francisco and Seattle, will each have a personal representative to urge the House committee on interstate and foreign commerce to retain the possible benefit of the canal to the Pacific coast by reporting in favor of no tolls for American steamers.

The fight by the chamber of commerce for no tolls was launched more than a week ago, when letters and telegrams were sent broadcast through the United States requesting congressmen and senators, civic organizations and mercantile houses, to lend a hand in the securing of free passage through the canal for steamers doing a coastwise trade. Merchants of Los Angeles are one in stating that if a toll is charged for American bottoms the benefit of the canal will be entirely lost to westerners and freight will continue to move as at present by the all-rail routes at the same high rates.

ANTI-SALOON MAN TALKED AT ORANGE

Orange News: Rev. E. S. Chapman, D. D. LL. D., superintendent of the Anti-Saloon League of Southern California, championed the cause of temperance in a sermon at the Presbyterian church yesterday morning. His address was heard by a large audience, profoundly impressed by the substance of his remarks, and keenly appreciative of the ability with which they were delivered.

Dr. Chapman is probably one of the best known temperance workers in California. He gave up pastoral life fourteen years ago to enter the lists among the followers of the white ribbon. He has faithfully fought for the cause, and it is his dearest wish, as he himself expressed it, to see the state of California "wiped clean."

He spoke of the progress which the Anti-Saloon League had made and were making, and of the difficulties they were encountering. The indifference of the people generally, he claimed, was the worst opposition encountered in their work. People, he stated, do not awaken to the danger of liquor until it claims someone near and dear to them.

A subscription for the Anti-Saloon League was taken up from the congregation at the conclusion of Dr. Chapman's sermon, the sum being estimated in the neighborhood of \$125.

All things considered yesterday was probably the greatest day in the history of the First Christian church of Orange. The auditorium was filled to overflowing, the singing was enthusiastic, the interest at a high level, and eight well known citizens whose membership will lend force and influence, were added to the church.

The number of accessions to the church has reached 23 in the last two weeks of the meetings. All of these are adults except one. Tonight a big baptismal service will be held.

Mr. and Mrs. J. A. C. Leland, of Minneapolis, who recently visited at the F. E. Hallman home, will return shortly from Los Angeles and spend the winter here. Mr. Leland is traveling for S. A. Weller of Zanesville, O., and will make Orange his headquarters during his stay.

A collision between the Pacific Electric "dumny" and a buggy occurred Saturday afternoon. A frightened horse backed upon the track and several spokes were broken, but no further damage is reported. The name of the owner of the rig was not learned.

LOS ANGELES PRODUCE MARKET

Onions and eggs were the features of the day's business. In the egg market candied select and case-counts declined another 1½ cents, the former to 31 cents and the latter to 27 cents a dozen. Heavy receipts—503 cases—was instrumental in bringing about the revision of figures. Storage and pullet stock showed no change, being only in light demand. Some of the egg receipts came from Imperial Valley and indications are that there will be a gradual increase of arrivals from this source of supply.

Australian Brown, Yellow Danvers, Nevada and Oregon onions were advanced 25 cents a hundredweight. The stock sold yesterday at \$2.50.

The butter market was firm. No change was noted on this commodity. Creamery extra moved out well at 37½ cents per pound. Other grades were only in moderate demand. Receipts were 20,016 pounds.

Northern fresh cheese was easily the best seller in the cheese market. Eastern cheese was in good demand.

There was a good demand for river potatoes on the street. Longpots and Salinas were only in moderate demand at the prevailing prices. Watsonville stock was well received at \$1.85 for the best. Arrivals were 1557 sacks.

Bean receipts were 661 sacks. The liberal receipts in no wise affected quoted figures. The market was reported firm. Lady Washingtons and small and large whites made up the bulk of the arrivals.

The sweet potato market was firm. Receipts were 132 sacks. Considerable second-grade stock was seen on the street but it attracted little attention.

There was a good movement of vegetables. Celery sold at \$3.75 a crate; fancy stock was easily disposed of at \$4.

Cauliflower was easy. Most of the stock sold at about \$1.15 a crate. Considerable stock was shipped out.

Fancy green peas sold up to 12½ cents per bushel. Arrivals of lentils were liberal and the stock was held around \$1 a crate.

There was little activity shown in the citrus market. Oranges were only in light call. Fancy packed navels sold up to \$2.50 a box. Fancy lemons sold from \$2.50 to \$2.75 a box. Grapefruit of the seedless variety sold at \$3.50 a box.

Ferger Admits Guilt—Is Reported That His Father Is a Prominent Kansan

Ben Sherman, said to be the son of a clerk of the United States District Court of Kansas, was today held to answer to the superior court on a charge of forgery. Sherman told Justice Cox that he was guilty of the charge, that he came of good people and hoped to be dealt with leniently. It is understood that Sherman will plead guilty in the superior court and ask for probation.

Before coming to Orange County Sherman was in jail in San Bernardino for four months under the name of J. Ralph Curtis. Bad checks were the reason for his imprisonment there. The checks were paid up, and the case dropped.

This morning at the preliminary examination it developed that Sherman attempted to pass a number of checks at Fullerton, where he worked in a packing-house. The check concerned in the charge against him was cashed by Stern & Goodman on Dec. 16. It was drawn on the Citizens' National Bank of Los Angeles, for \$22.50, made payable to Ben Sherman and bore the name J. T. Roberts.

E. W. Vermillion, druggist, testified that he saw Sherman write the check, that Sherman borrowed Vermillion's fountain pen for that purpose. Sherman presented the check at two or three places before he got it cashed.

Mixed Up Affair

Jose Rincon is in the county jail, but he is not alone. Trisciliano Anbriz is there also. The first known of the two men here was when Lucio Sacala of Anaheim complained that when Rincon was intoxicated he chopped up a part of Sacala's floor. When Rincon was arrested he declared that there was a general fight in which Anbriz shot at him. Anbriz was then arrested.

VIENNA, Jan. 25.—The emperor's advisors are considering the action of Italian cruisers in stopping the Austrian Lloyd steamer "Bregenz." The public is indignant and is demanding redress. An anti-Italian feeling is growing. The Lloyd company has issued a statement that they attach no significance to the action.

OELRICHS ESTATE
TO BE FOUGHT OVER

SAN FRANCISCO, Jan. 25.—A fight over the estate of the late Herman Oelrichs became a certainty today when Charles M. Oelrichs, a brother of New York, petitioned in the interest of his minor son for \$58,000 deposited in the First National Bank to the credit of the Oelrichs estate. In filing the petition, Chas. Oelrichs becomes a contestant against Mrs. Theresa A. Fair-Oelrichs, and Mrs. Virginia Fair-Vanderbilt, W. K. Vanderbilt, Jr., and F. E. Farmer, administrator.

SERIES OF BASKET
BALL GAMES SOON

Sunday Schools of the City Are to Enter Contest For a Banner

Arrangements for a series of basketball games between teams representing the different Sunday schools of Santa Ana were completed at a meeting of the athletic committee of the Y.M.C.A. last night. A series of fifteen games will be played, the first game taking place Tuesday evening, Feb. 6. It is planned to play two games every Tuesday evening thereafter until the end of the series.

The game will be played on the athletic grounds of the Barred Class of the First Methodist church on French street. The winning team will be presented with an appropriate banner by the Y.M.C.A. of Santa Ana.

The following Sunday schools will be represented: First Presbyterian, United Presbyterian, First Baptist, Congregational, First Methodist and Methodist, South. Any further information will be gladly furnished by the following members of the athletic committee: Martin Warren, chairman; Ben Bleck, Stanley White, Chas. Barker, Walter Reeves, Art Pease, Raymond Miles and Claude Goddard.

A CHICKEN RECORD
THAT IS GOING SOME

Fullerton Tribune: When it comes to chickens, G. W. Roller has a story to tell that shows that chickens even in a small way may be made to pay. Mr. Roller, who occupies the Oswald place on Whittier avenue, came here three months ago from Lebanon, Kas. He bought seven Rhode Island Reds, and from December 19th to January 19th the hens laid 95 eggs, some of which were sold for 35 cents per dozen. The feed for the month cost exactly one dollar, so he realized a neat profit.

AT THE COURT HOUSE

DIVORCE IN
CROFT ACTION

Gave it on Desertion, and the Wife Got the Interlocutory Decree

In the superior court this morning, Judge Childs of Los Angeles, sitting for Judge West, gave an interlocutory decree of divorce to the plaintiff in the suit of Nina B. Croft against B. C. Croft, a Los Angeles policeman.

Mrs. Croft first sued for alimony. Croft replied with a cross-complaint for divorce. In the meantime Mrs. Croft and William Breeding had been arrested on a charge of high misdemeanor, and have since been convicted, their case now being on appeal.

It would appear that the divorce action was practically settled out of court, for when the matter came to a final hearing the wife asked divorce on desertion, and she was allowed a decree without protest from the defendant. No alimony was allowed.

Couldn't Get It

Habeas corpus attempt failed yesterday afternoon in the case of James Seely. Seely is held to answer in the superior court on a charge of assault with a deadly weapon upon James Gillespie, formerly a cook at the Palace Restaurant. Yesterday he was delivered into the custody of the sheriff and remained in Sheriff Riddick's office while his attorney, Lee Daniel, negotiated for an order for a writ to issue from the superior court, calling the sheriff to produce the man in court that a hearing might be had to see if the case should not be dismissed. Judge West reviewed the application, and refused to sign the order. In order to keep from going to jail, Seely had to give a new \$500 bond, which was signed as sureties by his father and O. D. Birdsal.

CENTER CONTROL IS
IMPORTANT FEATURE

Question of Most Convenient Car Hinges Largely on This Point

Every auto driver has, of course, his favorite car, and every driver has his own ideas as to arrangement of control, equipment, etc. This is a fact which has led to an endless discussion as to which is the most conveniently arranged car in every way—a discussion which can never be finally settled, for the reason that, as the old proverb says, "taste is not to be disputed."

Just now the question of control arrangement is being given most attention, and this is a matter, as even the layman can see, which is of paramount importance. The introduction of the fore-door type has resulted in many new dispositions of levers, and some of these have not proved satisfactory.

Cars equipped with four doors generally put up a very nice appearance, but unless all these doors can be used freely they defeat their own purpose, and just as the use of doors restricted is the convenience of the car decreased. Very many makes of cars are equipped with four doors, only three of which can be used, owing to the disposition of the control levers. Possibly the new buyer doesn't notice this when deciding on his car, but after he has been compelled to climb over another's knees a number of times he begins to realize that it is a disadvantage.

The right-hand center control enables all doors to be used without obstruction. This is now found on the \$3000 Stoddard-Dayton, the \$3559 White, the Reo, and one or two other high-class cars. As its advantages are more fully realized other manufacturers undoubtedly will be compelled to follow. This is a feature which it is well for the prospective buyer to consider. It is better to be sure before buying than to suffer dissatisfaction afterward. There are other features which go to make up the most convenient car, of course, but it may be taken for granted that this is one of the most important.

PLACENTIA TO BE
OIL SHIPPING POINT

Placentia Courier: It is reported that Placentia will soon become one of the leading oil shipping centers of the famous Placentia-Olinda-Whittier oil field.

A Placentia business man who was visiting the gusher of the Amalgamated's No. 4 well was told that inside of 60 days the oil would be piped to Placentia and shipped out from here. The same report has come from other sources.

The actively yielding oil territory is steadily advancing upon the orange and walnut groves and the prophecy of derricks through the Placentia district may indeed come true. Placentia and the oil fields are closely connected and will be more intimately so in the future.

An adjourned meeting of the Placentia volunteer fire department was called by the chief, Fred Cline, Tuesday evening.

The subscription committee reported \$75.00 obtained so far for the purchase of hose and other apparatus. The members of the committee are Thos. E. Barry, J. B. Payne and T. W. Hill.

A committee composed of Fred Cline, F. W. Hill and Thos. E. Barry was appointed to frame by-laws and constitution for the organization.

With the new water tank nearing completion, pipe on the ground, ladders to be constructed by O. Christensen, buckets presented by T. W. Hill, apparatus soon to be purchased and a competent fire company, Placentia will be prepared to avoid any disastrous fire.

MAKING CONTRACTS
FOR WATER SYSTEM

ORANGE, Jan. 25.—A meeting of the Gray Tract Association was held yesterday at Villa Park, and plans for the carrying out of the plans for the installation of the Gray Tract water system were furthered by contracting for 12,000 feet of cement pipe and two carloads of cement. The association is to complete its well, now down 150 feet, and supply water to 900 acres in the association. This water will be in addition to that supplied by the Serrano Water Co. from the Santiago creek.

FRENCH ASTRONOMERS IN
WORRY OVER SKY MYSTERY

PARIS, Jan. 25.—French astronomers are worried by the mysterious trouble of Saturn's rings which have been reported recently. Nobody has been able to tell the cause, and it is feared that it may presage the near dissolution of the luminous circlets so long admired by star gazers.

The latest theory is that of Prof. Birkeland of the University of Christiana, that the rings are produced merely by electrical radiation from the planet.

Camille Flammarion, the noted French astronomer, believes they are not solid, liquid or gaseous, but are composed of a fine nebulous powder revolving around the Saturnal globe equatorially in accordance with Kepler's law.

FREDERICKS EXONERATED
LOS ANGELES, Jan. 25.—Charges against Captain John D. Fredericks, inspired by Thomas Lee Woolwine, whom he defeated for the office of district attorney at the last election, were yesterday found groundless by the grievance committee of the Los Angeles Bar Association. District Attorney Fredericks is exonerated completely by the committee.
